

Journeys through the Estuary

- This is a fun and very popular two hour tour and can accommodate up to 12 participants and your Company can be a part of it! Your sponsor provides for the rental of the boat, a bus to take the participants to the marina from the expo, refreshments for the participants, and a prize for a raffle on the boat.
- The Peace River tour will leave from Lashley Marina. There will be a bus to take participants from the Expo at the Convention Center to the Marina.
- The Journeys will explore the Peace River. Participants will travel on a pontoon boat with a licensed boat captain and a tour guide, who interprets our local waters as they explore and learn about the wildlife and our estuaries
- The trip allows participants to see, up close, all the amazing aquatic life that depends on the healthy relationships between land and water
- Charlotte Harbor Environmental Center, Inc, (CHEC) was founded in 1987, is a *locally* operated environmental non-profit organization. They provide scientifically based environmental education and environmental recreation opportunities to the community. CHEC provides Charlotte County a place for the public to commune with nature and is a resource for teachers and the general public to seek out environmental educational experiences. CHEC programs help visitors develop an appreciation and understanding of nature's uniqueness. They strive to create environmental stewards, advocates and volunteers. Volunteers provide over 6,000 hours of service annually supporting CHEC's mission and more than 18,000 people participate in CHEC programs.
