**Energy Efficiency:** Every day we monitor the most efficient use of 150,690 KWH. This is enough energy to power 300 home refrigerators for one year.

We mow 14,000 acres a year. This is 67 home size lots per week and is also equivalent to 200 average size Florida farms.

4,824.5 TONS of HVAC is maintained. This is enough tonnage to cool 1,072 2000 SF Charlotte County homes.

2134 Trash cans are emptied a week. (This does not include recycle boxes.)

3 techs work 24/7 with an on-call phone system that monitors over 1,652,00 sf, about 28 football fields, including the end zones.

1897 Sinks are cleaned each week. Additionally we clean and maintain 2,221 toilets and urinals a week.

78 Alarms are monitored 24/7

**Over $407 Million $$$$$$..**

Is the replacement value of the County Buildings that Facilities oversees for space planning, energy efficiency and repair and maintenance.

In Fiscal Year 14 we are managing 69 active capital projects at 54 sites.

125-150 walk in customers are helped every day by our security officers. (250-300 during the tax season.)

Generators: We monitor and service 87 of them.

Last year we did work orders: 656 Electrical and Lighting, 865 General Contracting, 44 Painting, 394 Plumbing and 72 Roofing, 82 Pest Control, 420 HVAC and Ice & 112 Fire/Alarms/Mechanical.
