Public Works Project Status Update

Updated as of: Friday, August 19, 2011

Project Title: South Bridge Waterway Maintenance Dredge

CIP Number: c390707

Project Description: This project, which is being accomplished at the request of property owners, is a restoration dredge of all existing manmade canals and access channels within the system. The intent of this project is to restore safe navigation by removing 12,750 cubic yards of silted material.

Project Manager: [Mopps, Chuck](#)

Contractors:

Design:	Coastal Engineering
Construction:	TBD

Estimated Project Schedule:

Design:	30%	07/01/2007 -
	60%	-
	90%	-
	100%	- 04/19/2011
Permitting:		04/20/2011 - 06/15/2011
Construction:		08/15/2011 - 02/15/2012

Budget:

Design:	\$36,000
Construction:	EST\$350,000

Status: The project has received Florida Department of Environmental Protection permitting and is awaiting approval from the Army Corps of Engineers. The Corps has requested more information, which is being provided by Coastal Engineering.

Comments: Initial funding was provided by a loan from the Canal Maintenance Revolving Fund. External borrowing will fund repayment of the advance and the cost of the dredging via increased assessments in the South Bridge Waterway Unit over a ten-year period.
